

This is your “Moorabbin Flyer” covering our next event on Wednesday June 18<sup>th</sup>, 2025 to the Moorabbin Air Museum located at 12 First Street, Moorabbin.

Your organisers are Peter and Deb Howe. Please RSVP your intention to attend before Tuesday 10<sup>th</sup> June to 0418 536 523

You may have been here before but the museum has since expanded into a more immersive and comprehensive display of our aircraft history.

There are thirty-three fine exhibits of aircraft on display some of which you can sit in the cockpit and have an ‘up close’ indulgence in this unique collection of historic aircraft.

Regularly on display and related to our Bristol car heritage are the Bristol 170 freighter, Bristol Beaufort and Bristol Beaufighter, the history of which will certainly be covered in depth by our tour guide on the day.

We plan to meet from 10.00 am to allow plenty of time to ‘lift the bonnet’ and talk of all things Bristol! Parking is within the grounds of the venue which will be rather fitting and certainly provides better security.

The tour will start at 11.00 am and finish by 12.15 pm, however you are welcome to explore on your own or take a break if you feel like it.

We will be gathering for an a-la-carte lunch at 12.30 in the Flight Deck Bar and Grill which is just a short walk away. We have been told by others that the food is always good and the venue has marvellous views over the airfield.

The cost will be \$10.00 per person which assumes we are all over 60! This covers your entrance fee and our personal tour guide and is payable on the day.
